

Background:

5,308 fans responded to the FSF Away Fans Feedback Survey between August 2013-May 2014.

Fans were asked to rate the clubs on various factors such as safety and security, transport to the ground, access at the turnstiles, the concourse layout, food and drink, and the view of the pitch. The FSF will feed these results back to the clubs/leagues with the ultimate aim of improving the away experience for football supporters.

The FSF is the national supporters' organisation for all football fans from England and Wales comprising more than 500,000 individual fans and members of local supporters' organisations from every club in the professional structure and beyond. Find out more about the FSF and its campaigns via www.fsf.org.uk or on Twitter @The_FSF.
