SAY "YES" to the new development on the Vesuvius site creating a 1000 jobs and building a Community Sports Stadium, Industrial Units, and a Supermarket.

Bassetlaw Council recently rejected the planning for the development at the old Vesuvius site which would have been a fantastic boost for the town and surrounding areas. Please sign our petition if you back this development and want to see it happen! More names more pressure on the Council. It will also bring Worksop Town Football Club home.
